The 10th annual international experts' conference
ENVIROMANAGEMENT 2019
Waste-to-Energy
September 25 – 26, 2019
*Hotel Patria ****, Štrbské Pleso, Slovakia*

CALL FOR PAPERS

REGISTRATION DEADLINE – JUNE 7, 2019

Dear Colleagues.

We are pleased to inform you about the 10th annual conference ENVIROMANAGEMENT 2019.
<http://nmc.sk/en/enviro2019>

MAIN TOPICS

Waste to Energy	Energy recovery as an integrated part of Solid Waste Management and the European Waste Hierarchy: Prevention – Reuse – Recycle – Recover (Energy) – Dispose: Practice and Prospects of energy recovery of waste
RDF	RDF Refuse Derived Fuel – MSW Municipal Solid Waste as a source for alternative fuels.
Legislation	Relevant legal framework for the sector Waste-to-Energy.
Public Relations	Negative attitudes of the public – how to overcome them.
Technology	State-of-the-art thermal waste treatment technologies: Features, opportunities, limitations.
Economy	Financial requirements and performances of WtE projects.
Case Studies	Accomplished projects.

Sharing the most recent knowledge is one of the possibilities to jointly contribute to the protection of environment and to the solution of our common problem called “waste”. Therefore, in the presence of international audience we offer you the possibility to present:

- completed projects and current strategies in the area of waste management and WtE;
- your own technologies and technological solutions related to waste facilities;
- acquired expert knowledge and practical experience.

Do not hesitate to contact us for more information on conditions of expert and commercial presentation. We kindly ask you to provide us with contact information of your representative with whom we could discuss details of your possible active or passive participation.

As in previous years the conference will take place in the beautiful area of Štrbské Pleso mountain lake and Vysoké Tatry (High Tatra mountains) in the Hotel Patria (www.hotelpatria.sk/en).

On behalf of the organizational and program committee
