Section of Environmental Assessment and Waste Management
(Sekcia environmentálneho hodnotenia a odpadového hospodárstva)
Bratislava
Slovakia

PRESENTATION

European and national legislation in the area of waste management - current state of play.

Aktuálny stav európskej a národnej legislatívy v oblasti odpadového hospodárstva.

ANNOTATION

The paper will focus on summing up of current strategies and legislation on European and national level, impacting the area of waste management, and expected development in the nearest future.

ANOTÁCIA

Prednáška bude zameraná na zhrnutie aktuálnych stratégií a legislatívy na európskej a národnej úrovni, ktoré ovplyvňujú oblasť odpadového hospodárstva, a predpokladaný vývoj v najbližšom období.

ORGANIZATION'S PROFILE

We can provide advice on:

- obtaining environmental authorisations and licenses;
- drafting and negotiating agreements for producer responsibility organisations;
- drafting a generally binding municipal regulation related to waste disposal;
- drafting and reviewing contracts for waste collection and processing;
- drawing up a checklist of obligations and their timeline;
- analysing environmental risks; and
- preparing and conducting a legal environmental audit.
